SUMMARY

Passionate Frontend Developer skilled in React.js, TypeScript, Next.js, and Tailwind CSS. Experienced in building responsive, user-friendly web applications with a strong focus on clean UI and smooth UX. Seeking a front-end internship to contribute to impactful projects and grow under a collaborative development team.

SKILLS

JavaScript | TypeScript | React.js | Next.js | Tailwind CSS | Redux | Git | GitHub | Figma

PROJECTS

Ai Finance Tracker

[Live Link](#)

[Source Code](#)

- Developed a finance tracker using Next.js, Shadcn UI, and Supabase with Gemini AI for budget insights.
- Implemented receipt scanning, recurring transactions, and real-time analytics with a clean UI.

Freelance Platform

[Live Link](#)

[Source Code](#)

- Built a freelance job portal with React.js, Tailwind CSS, and Firebase for secure authentication.
- Features include job posting, bidding system, filtering, and user dashboards.

E-commerce Website

[Live Link](#)

[Source Code](#)

- Created a responsive e-commerce site using React.js, Tailwind CSS, and JWT authentication.
- Integrated Stripe payments, cart management, and admin dashboard with REST APIs.
